CPID Lunch and Learn Sessions 2024

Register Here

Tuesday 22 October 1.00 - 2.00 pm	**Introduction to Moodle** This session will introduce the main features of Moodle such as course page settings, layout and formatting, how to add a course overview section/welcome message, section summary, how to add resources (files, weblinks, folders, etc), how to add an assignment, how to send a message to students via Announcements, and Moodle attendance.	Aoife Walsh & Dr Geraldine McDermott
Thursday 24 October 1.00 - 2.00 pm	**Using Turnitin for text-based assignments** Turnitin is now available on all TUS campuses and can be used for formative and summative assessment submissions. This session will provide an overview of the main features of Turnitin, such as generating and interpreting an Originality report, providing feedback through Turnitin and supporting students to use Turnitin as a formative tool.	Dr Geraldine McDermott
Tuesday 05 November 1.00 - 2.00 pm	**Teaching tips for those new to teaching in TUS** Join us for this session where we will provide you with some top tips for teaching in higher education. Signpost some excellent teaching resources, and provide you with an opportunity for discussion and connection with peers new to teaching in TUS.	Dr Catherine Ann O'Connell & Dr Geraldine McDermott
Thursday 07 November 1.00 - 2.00 pm	**Sage Research Methods** Sage Research Methods offers a comprehensive guidance for the researcher in the field of study design, methods, statistics, and analysis. This bespoke training webinar will help you find out more about the Sage Research Methods database, including information on the content and the resources available to your university.	Claudia Paicu Training and Engagement Specialist (External Facilitator)
Tuesday 12 November 1.00 - 2.00 pm	**LAMS** LAMS is an open-source learning design system for designing, managing and delivering online collaborative learning activities. It provides teachers with a visual authoring environment for creating sequences of learning activities.	Ernie Ghiglione LAMS Project Manager (External Facilitator)
Thursday 21 November 1.00 - 2.00 pm	**Brickfield - An Introduction to Accessibility and a guide to Brickfield Workshops for all staff** This workshop will explore the Brickfield Accessibility Toolkit which is an excellent resource for TUS staff and is integrated in Moodle. It identifies and bulk-fixes inaccessibility issues in lecturers' Moodle courses, documents, quizzes, video etc.	Aoife Walsh & Dr Geraldine McDermott
Tuesday 26 November 1.00 - 2.00 pm	**AI Play workshop** The objective of the workshop "AI in Higher Education: Transforming Learning and Teaching" is to equip lecturers with a foundational understanding of AI and its potential to enhance educational practices. Participants will explore how AI tools like ChatGPT, Copilot and other generative AI platforms can be used for content creation, assessment, and student support, while engaging in interactive activities to apply these concepts in real-world educational settings. The goal is to empower lecturers to integrate AI into their teaching and learning strategies effectively, fostering innovative approaches in higher education.	Dr Denise Macgiollari Dr Geraldine McDermott
Thursday 05 December 1.00 - 2.00 pm	**Embedding Education for Sustainable Development in the Curriculum (ESD) - Best practice examples from within TUS** During this session, the CPID CoP ESD SATLE Team will demonstrate how TUS has already incorporated ESD into various modules and the creation of the TUS Sustainability Compendium in 2025.	Dr Noëlle O'Connor Mr Sean Connell Ms Nicola Ryan Ms Gayle Tarmey
