## **What do I do if I have not successfully passed all modules by the end of the Academic Year?**

**Every Journey starts with a single step....**

# What do I do if I have not successfully passed all modules by the end of the Academic Year?

**Q: I have not successfully passed a module/s in the Semester 3 (August Repeats) what are my options now?**

A: If you have not successfully completed all of your modules by the end of your Academic Year, there are several options available to you:

**1. Repeat & Attend**

Remain in the same year of study and repeat only failed modules

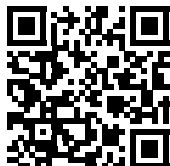

**2. Sit exams as an external candidate (Resit)**

Register as an external student and complete the outstanding element as advised by your lecturer, you will not be able to attend classes

**3. Progress & Carry**

Only students who are eligible to progress & carry will be invited to do so within 2 weeks of the release of Semester 3 results. Students will progress into their next year, but must attempt the carried module(s) during the new Academic Year.

For more information on each of these options, please see the exams webpage.
