What happens if I haven't passed all of my modules by the end of the academic year?

Explore my options	Get advice and support

Explore my Options

Let's explore the options available to you.

Q: I still have modules outstanding following the Semester 3 (August Repeat) results. What are my options?

A:

1. Repeat & Attend

You may remain in your current year of study and repeat only the modules that you have not passed. You will attend the relevant classes and complete the required assessments for those modules.

2. Resit as an External Candidate

You may register as an external student and complete the outstanding assessment requirements, as directed by your lecturer. Please note that external candidates are not permitted to attend regular classes.

3. Progress & Carry

Students who meet the eligibility criteria for Progress & Carry will be contacted within two weeks of the release of the Semester 3 results.

If eligible, you will progress to the next year of your programme while carrying the outstanding module(s). You will be required to attempt and successfully complete the carried module(s) during the new academic year.

Please note that Progress & Carry is only available to students who meet the relevant eligibility criteria. Students do not need to apply; eligible students will be contacted directly.

Remember: You are not alone. Help and support are here for you.

Support

We're here to help you.

Q: I think I might require extra help with failed modules.

A: You can contact the **Tutors** for assistance with exam preparations.

A team of tutors are available free of charge, all year round for Maths, Business, Science and Writing skills.

Q: I am feeling very stressed and anxious about my assessments, who can I talk to?

A: **TogetherAll** offers advice from your peers on the togetherall platform.

OR

You can contact TUS Counselling Service who provide a safe, supportive and confidential environment in which students can discuss any emotional or psychological difficulties they may be experiencing.
