start date to ensure they are available to attend these course specific inductions

## Useful information:

- -Timetables will be available in the week before your classes are due to begin (at the very latest)
- -They will be available through your student portal more information on this will be provided through email in the coming weeks.
- -Timetables are subject to change over the initial weeks of the programme we encourage all students to check their timetables each Friday evening (after 5PM) for the first few weeks of college to identify

any changes for the following week.

- -Some programmes may have multiple timetables available to view e.g Group A, Group B. You will note that all lectures are the same across all groups. Groups will be assigned in your classes in week 1 or 2
- until you have been told your group please follow Timetable A and only attend lectures unless told otherwise by your lecturers/academic team.
- -The International Office does not have any involvement in timetables, or group assisgnment.

## **Useful Information:**

- **Public Holidays** Public Holidays in Ireland may differ to those celebrated in your home country. Take note as this will affect your days off college! We have included the holidays taking place during term time in the academic calendar.
- Reading Week This is a learning week scheduled into each semester of the academic year which allows students to catch up on what they have learned so far. Some lecturers may hold classes as normal, and some may ask you to do revision please be sure you consult your lecturers on the same.
- Exam Weeks: Exams normally take place over a 2-week period. You won't have an exam scheduled every day, but you should ensure you are available on each of the days. Exam timetables will be issued by the exams office in the weeks leading up to the exam period.
- Revision Week Like Reading week, this is time specifically scheduled into the academic year to allow you to revise in advance of the exam session.

  Normally classes won't run as normal, however lecturers to tend to schedule additional revision classes during this week (tip from us attend these classes, they are usually full of useful tips!!)
