### **TUS International Society Note -**

### Oluwadamilola Dorcas Akinsola, Limerick.

Hi guys, I am the International Society President, and my name is Oluwadamilola Dorcas Akinsola, or Dami for short. WELCOME TO TUS!!

I'm from Nigeria and currently in my 4th year of studying Mechanical Engineering. I came to Ireland 4 years ago on my own and naturally I didn't actually know anyone or have any friends until I joined the International Society last year. I went from staying home and having nothing to do, to always having somewhere I could go to and people I can talk to, and I definitely didn't expect to be the president after one year. Joining the International Society literally transformed my university experience and I'm sure it will do the same for yours. Now enough about me, let me tell you about the

#### society. Here at the International

Society, our aim is to promote inclusivity and diversity in order to enhance student experience. We do this through the many events and trips we have throughout the year, not excluding international holidays like Diwali and Chinese New Year. We have co-operation from the International Office, and Student Union as well, to organise as many free events as we can for our members. We currently have 160+ members consisting of International and Erasmus Students and we would love for you to join the community as well.

From comfy game nights to exhilarating overnight trips, you can be sure there will always be something you can participate in and enjoy - We can't wait to meet you!!

### Ireland

Ireland is widely known as one of the friendliest, and welcoming countries in the world! In fact, the Irish for Welcome is Cead Mile Failté (pronounced Kay-Ed Meela Fall-cha) which literally translates to 'a hundred thousand welcomes'. We are a country seeped in history & tradition – a small island nation, with a population of just over 5 million people located on the western most tip of Europe – and yet our culture is celebrated all over the world.

Some of the world's biggest Tech & Pharma companies have based their European Headquarters in Ireland - and one of the main reasons that they are attracted to Ireland is because they have access to a highly educated workforce due to Ireland's world class education system! This is fantastic news for our students because it means there are amazing graduate job opportunities available to them right on their doorstep.

You will never be short of places to visit in Ireland from the extraordinary Cliffs of Moher in Co. Clare right across the country to Temple Bar in Ireland's Capital City Dublin, there is a long list of places to tick off your bucket list. Whether you are looking for tourist spots, good food, nightlife, festivals, sporting events or Museums – Ireland will not disappoint.

Ireland is known as the gateway to Europe, studying in Ireland means you will have easy access to all the major cities in Europe – what better way to spend a long weekend than hopping on a flight and exploring Madrid or Berlin?

**ENNIS** 

LIMERICK

You can even earn some extra money to explore by working part time – International Students studying in Ireland can work 20 hours per week during term time and 40 hours during holidays!

### Athlone

Athlone is a large and bustling town located in the heart of Ireland. It's a town steeped in culture and history. It is situated on the banks of the River Shannon, Ireland's longest river, and spans not only two counties - Westmeath and Roscommon – but also two provinces - Leinster and Connaught. Athlone has developed as a major tourism point in Ireland. Its central location in the country means that it's only 90 minutes from Dublin Airport and within two hours of major cities such as Dublin, Galway, Limerick and Kilkenny. Athlone is well serviced by Irish Rail and Bus Eireann with bus stops directly outside the campus and a bus link directly to the train station.

Although a regional town with a population of 25,000, all amenities associated with a larger city are available in Athlone, including two large shopping centres with high street shops, cafes, a leisure centre with a swimming pool and gym, sports facilities, skate park and bowling alley and cinema complex as well as theatres and an art gallery. With Sean's Bar being the oldest pub in Europe, you can join countless visitors who have been stopping here for a drink, a chat and maybe a bit of music for more than a thousand years.
