Brief Overview/Project Summary

AGRETAIN is an Erasmus+ Partnership for Innovation project with 10 partners from Ireland, Austria, Germany, France and Greece including Higher Education Institutes, VET institutes and Market Gardening practitioners and organisations. The main aim of AGRETAIN is to combine the efforts of universities and market gardening enterprises to develop new learning material in the field of market gardening focusing on new learning opportunities for the embedding of more resilient, sustainable/ environmentally friendly, soil regenerative practices in small scale farming.

Project Aim(s) & Objective(s)

AGRETAIN project aims to develop and deliver an innovative approach for teaching market gardening, by developing specific learning resources addressing:

- students
- neo farmers / market gardeners and
- farming / market gardening practitioners

Project Outputs

Save completed document to [Project Factsheets](#) and email Yvonne.doyle@tus.ie with link to new content

Key Outputs

- Curriculum for VET education in EQF level 5
- 12-20 LUs developed (6 different types of learning material, Learning material in 4 languages)
- e-learning platform (OER) in 4 languages
- Interactive map available on the AGRETAİN website, specific information for min. 10 selected regions in terms of soil, water resources, humidity, temperature etc
- 8 Farm portraits per partner country developed upon the selected regions specialties and/or regions with similar specialties
- 5 Market Gardening Hubs established

The primary output from the project will be the Learning Units which will be developed by the consortium.

Project Partner Organisations
